Textbook Answers | GradeSaver

This book is a great book. I am able to figure out most of the exercises from the the given examples and explanations, but some answers won't make any sense if the student hasn't been given previous experience, as lets say the distance from the origin is $3\sqrt{3}$; which confused me at first, but for college freshmen is a little rough, especially in an early chapter.

Precalculus Textbook: Amazon.com

precalculus. Above that, we aim for greater command of the material, especially the ability to extend what we have learned to new situations. • This course aims to help you build the stamina required to solve challenging and lengthy multi-step problems. • As a rule of thumb, this course should on average take 15 hours of effort per week.
